

# LES CLIVELLES DE TORROJA

## Red Wine

100% carinyena

**Les Clivelles de Torroja** is an **authentic expression of the most intimate Priorat**, made entirely from **Carignan** grapes grown on a **family-owned estate** near the village of **Torroja del Priorat**. The vines thrive on soft **llicorella** soils—the characteristic slate that defines the region's mineral-rich and profound identity.

Vinification is carried out **by hand** in **750-liter food-grade plastic tanks**, with meticulous attention to preserving the grapes' integrity. During fermentation, **gentle manual pump-overs** are applied to maintain the fruit's aromas and freshness.

Aging takes place in **chestnut barrels**, an uncommon choice that adds uniqueness to the wine, allowing for an elegant evolution while respecting the varietal character. With **limited production** and a fully manual approach, **Les Clivelles de Torroja** reflects a deep respect for the vineyard, family tradition, and the personality of the terroir.

**Vintages 2022 and 2023 available.**
