**Awards and recognitions:**

- **Silver Medal at Bioweinpreis 2015 (International Organic Wine Competition, Germany) 88 points Peñín 2024**

Altamente is a young, organic red wine made from 100% Monastrell grapes, sourced from old own-rooted (Pie Franco) vineyards located at 900 meters altitude in the northernmost part of Jumilla. The high elevation and shallow soils impart character to this vibrant and genuine Monastrell.

On the nose, it reveals a deeply Mediterranean profile: ripe black fruits, currant, blackberry, and carob, layered with balsamic and herbal notes reminiscent of the scrubland. On the palate, it is fresh with good acidity, rich and juicy, offering texture and balance. The wine expresses itself openly and playfully, dominated by ripe Morello cherry and spicy hints.

A wine with soul and altitude, perfect for sharing and enjoying.
