Abril is a young organic red wine made by **Azul y Garanza** from Tempranillo and a small percentage of Merlot, grown in vineyards located near the Bardenas Reales Desert. This extreme environment—the largest desert in Europe—provides poor, arid soils, a very dry climate, and strong temperature swings, all factors that promote grapes with great concentration and freshness.

On the nose, Abril shows intense fruit aromas marked by blackberry and blueberry, accompanied by herbal notes of thyme and rosemary. A spicy background with hints of pepper adds complexity and character. On the palate, it is juicy, fresh, and lively.
