

100PALOS

WHITE MALVAR. BARREL FERMENTED

100Palos 2021 Blanco Malvar is a unique white wine that reflects the tradition and care of Menchaca Wines. Made from century-old Malvar vines, this wine is distinguished by its fermentation and ageing for 12 months in French oak barrels, which impart exceptional complexity and elegance.

The harvest, carried out on 17 September 2021, resulted in a limited production of only 100 cases, making this wine a true rarity. The meticulous selection of grapes from vines over 80 years old, manual harvesting in 15 kg boxes, and the use of native yeasts ensure unmatched quality and capture the unique character of the terroir.

Fermentation in 500-litre French oak barrels and 12 months of barrel ageing add complexity that can be enjoyed in every sip, offering a perfect balance of freshness and smoothness. In addition, each bottle is sealed with individually tested natural corks, guaranteeing optimal preservation for a wine of such high calibre.

With a limited production of 100 cases in 2021, 100Palos 2021 Blanco Malvar is an exclusive wine, ideal for wine lovers seeking authenticity and quality in every bottle.
